

## KEY FEATURES

- NEW MONOBLOQUE BB – CS UNIT
- NEW FRAME SETUP TECH: ASYMMETRIC POWER BALANCE COMPENSATOR. THE LEFT-REAR-END OF THE FRAME IS CALIBRATED TO BE STIFFER THAN THE RIGHT. THIS COMPENSATES FOR THE TORSIONAL FLEX THAT A ONE-SIDED POWERTRAIN GENERATES UNDER MAXIMUM FORCE.
- NEW MATRIX SURFACE MAPPING INCORPORATING 3K CARBON FIBRES COMBINED WITH STIFFER UD COMPOSITE, ALLOWS THE FRAME TO FOLLOW THE ROAD “LIKE A SNAKE.”
- NEW BB386 EVO BOTTOM BRACKET. THE FUTURE STANDARD. EVEN MORE TORSIONAL STRENGTH, OPTIMIZED CENTER OF GRAVITY, LESS WEIGHT, MORE DIRECT MAXIMUM POWER TRANSMISSION.
- NEW INSIDE CABLING FOR AERO CORRECTNESS AND A CLEAN, QUALITY LOOK. ALSO, THE CABLING ROUTE HAS BEEN RE-DESIGNED TO FLATTEN THE PATH FOR SMOOTHER, FASTER AND MORE PRECISE SHIFTING.
- NEW SEPARATE SEAT TUBE FOR MORE COMFORT AND VERSATILITY. GOOMAH SUPPLIES ORIGINAL TOP-OF-THE-LINE FSA K-FORCE CARBON SEATPOST (199 G).
- NEW FULLY INTEGRATED MEC AND ELECTRONIC (DI2 AND EPS) COMPATIBLE WITH LATEST GENERATION PROVIDES AN ESTHETICALLY CORRECT AERO SOLUTION.
- NEW CNC ALLOY SEAT CLAMP
- NEW FORK: 1-1/8, 1-1/4, 329 G, + / - 7.5% TOLERANCE
- NEW FRAME: WEIGHT 793 G, SIZE M, + / - 7.5% TOLERANCE
- NEW SIZE: XS - S - M - L - XL: WE ADDED A SIZE.
- BRAZE ON FRONT DERAILLEUR GIVES A PROFESSIONAL, QUALITY FINISH.

*Elegantough*

GOOMAH®  
RACING BICYCLES

*you ride me crazy*

CUSTOM ENGINEERED by Goomah for the specific high-speed needs of *équipeExploit*.

The GOOMAH G733 is the successor of the G731. This is the one and only official ASSOS racing bike, the ultimate ASSOS rider Assosoire.

The G733 is a custom-made joint development venture between ASSOS Centro Studio, *équipe Exploit* and the Swiss carbon frame engineering group, GOOMAH.

If you appreciate the ultimate in performance or seek exclusivity then this frame is for you.

Customize her - Customize your Goomah

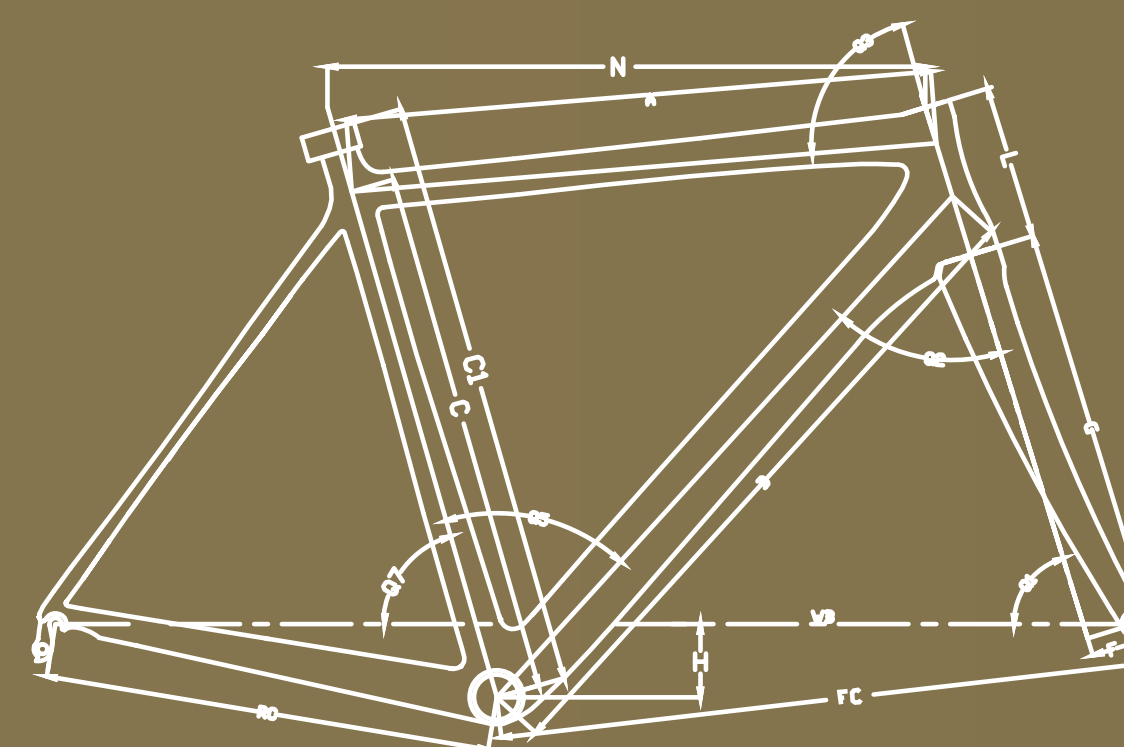

## G733

### MATRIX SURFACE MAPPING

The G733 uses three different strengths of high modulus carbon fibre. This means the frame is not made with the same carbon modulus all over. Instead, depending on the area, it features adjustments to strength and stiffness to minimize unnecessary weight and micro shocks, all in pursuit of total comfort and security.

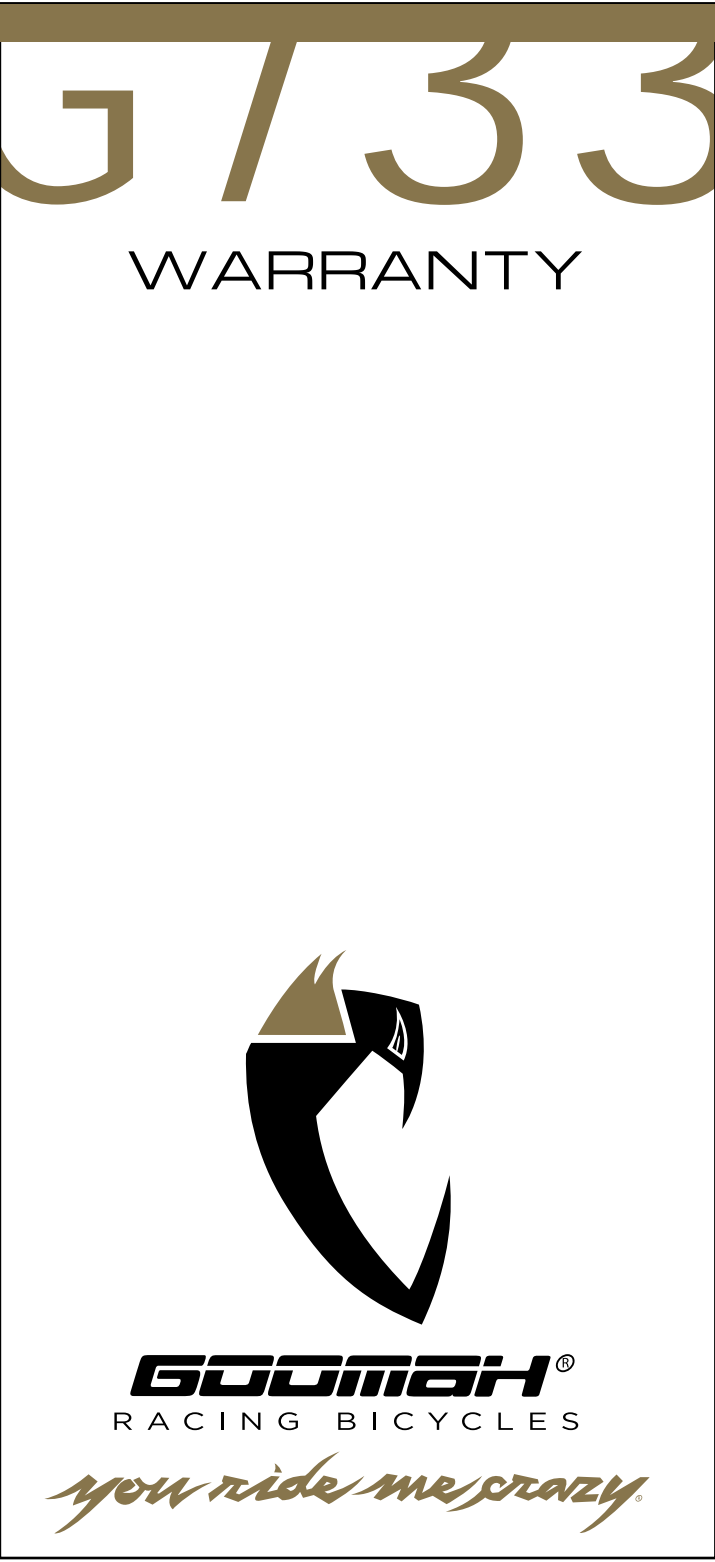

We believe that producing a super-rigid frame without providing a comfortable ride is useless, unless your discipline is the 1-km sprint.

**WARRANTY POLICY**  
Goomah frames – exclusive of paint, decals or other surface finishes – are covered by a lifetime warranty for the original owner or a three-year warranty regardless of original ownership. The Goomah warranty covers defects in workmanship or materials. Paint is covered under a limited one-year warranty.

The lifetime warranty is valid only if the original owner has registered the product within 30 days of its purchase. If not, the three-year warranty applies.

The frame can be registered online or by mail, by completing and sending in the enclosed warranty card. Keep your original invoice or original proof of purchase and send a copy of it with your warranty card to Goomah.

For warranty service, products originally purchased from a dealer authorized for warranty service and repair must be returned through the original dealer, accompanied by an invoice, legal receipt or other proof of purchase. Goomah will repair or replace the defective product, at its discretion. If Goomah decides to replace a defective frame, the replacement frame may not be the exact model purchased (for example: if production of your model has been discontinued).

**WHAT THIS WARRANTY DOES NOT COVER**  
Things not covered under this warranty include but are not limited to normal wear and tear, damage caused by accident, theft, neglect, improper maintenance, misuse, or use in a manner for which the frame was not designed.

Misuse includes improper assembly of bicycle or bicycle parts. We recommend assembly by professional bicycle mechanics only. We also recommend periodic maintenance check-ups by a professional to increase the safety and lifespan of your frame.

**DAMAGE CAUSED BY ACCIDENT**  
Breakage or damage caused by an accident is not covered under this warranty. In these unfortunate cases, the most important issue is that you are alive.

To relieve the pain, Goomah will provide you with a new frame in exchange for your damaged frame and a report on how the accident happened and with the following conditions:

- 50% of retail price during first year of warranty
- 65% of retail price during second year of warranty
- 80% of retail price during third year of warranty

Frame replacement due to accident as described above must be done directly through Goomah and not through the dealer network. Shipping costs are not included. Fairness pays! Frame substitution in case of accident applies only if the damage has been communicated as an accident from the start and there has been no attempt to first try warranty repair or substitution. Frame replacement due to accident is solely at the discretion of Goomah.

**PARTS FROM OTHER MANUFACTURERS**  
This warranty covers ONLY the frame; other bicycle parts, such as wheels and cranksets, are covered by their respective manufacturers.

**HOW AND WHERE TO REGISTER YOUR FRAME**  
Send your completed warranty card with proof of purchase to:

Goomah SA, Warranty  
Via BOSIA, 11A - 6900 PARADISO-LUGANO - SWITZERLAND

Or scan your completed warranty card and proof of purchase and email it to: [warranty@goomahbike.com](mailto:warranty@goomahbike.com) or complete the online warranty form available on our website. If you need warranty repair or service, please contact your original dealer. If you cannot contact your dealer for warranty service, send an email directly to [warranty@goomahbike.com](mailto:warranty@goomahbike.com). You will receive shipping instructions. Goomah will reimburse shipping costs if Goomah determines that the warranty applies.
